ENFIELD, LONDON, EN3 7JD · +447778523554 · [KHUSHNOOD99@GMAIL.COM](mailto:khushnood99@gmail.com)

I am resourceful, hardworking, organised and dedicated, willing to work on my own initiative or in a team. I have now successfully completed my degree of Mechanical Engineering at the Queen Mary University of London, where I have achieved a first-class Honours. I am currently working part-time for Tesco, but I am seeking a career in the technology sector, either as a graduate or through a permanent position. Through this, I will be able to apply my academic training from University to gaining real-world work experience.
